

# ARIZONA POETRY OUT LOUD

## Arizona Poetry Out Loud Offerings

### Services

Unique to Arizona programming is regional-specific support to central, northern, and southern Arizona. A Poetry Out Loud coordinator is dedicated to each of these regions and offers personalized assistance to participating teachers and schools.

### Technology

Arizona programming now has six "camera kits" for loan to participating schools so that students can record a high-quality video of themselves reciting their poem! Camera kits include a camera, lighting materials, chargers, mic, and mic stand. Loans will be offered starting January 2023. To learn more, contact your regional coordinator.

### Coaching

Experienced teaching artists provide specialized coaching by helping students understand their poems and refine their performances. Coaches offer the following approaches:

1. Individual, one-on-one coaching
2. Small group workshops
3. Classroom workshops

### Free Classroom Materials

New for the 2022-2023 Poetry Out Loud season, teachers and educators who register and actively participate in the program will be given a set of poetry books curated by the Poetry Center's Senior Library Specialist, Leela Denver. Books will be mailed to your school site upon completion of school-wide competitions in February.
