FRIEND-CHIP *goals*

Even on my worst day....

We are best friends because:

I think of my best friend and I know...

Samantha Bestest Best

I think of my best friend and know no time or space
can make me less of a friend .

One thing I know for sure is that when I have lost all faith, she
has kept me in hope

If I had only one thing I could say .

I'd tell her to stand brave in the face of all her fears

I'd stand beside her, silent and unwavering

I am my sister's keeper

Even on my worst days , she gathers my laughter from the
pit of my stomach

We are best friends because even when I pushed her away
she remained
silent and unwavering

I think of my best friend and I know I have a sister fa sho.
