

In The Night

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

In the night _____

Ideas for your poem:

What can you see in the night? Hear? Smell? Taste? Touch?

What animals are out? What are they doing?

What is happening in the natural world? In the sky? On the ground?

What is happening inside your room? Your house? What if you slept outside?

Do you sleep? Do you snore? Do you dream? About what?

Do other people in your house dream? Do animals and plants dream? Mountains and stars?

Is something magical happening? Something invisible? Something mysterious? Far away?

What happens in an empty school at night? In an empty library? An empty school bus?
